ONE DOLLAR A YEAR

HEARST'S GUN LOADED

Renews Attack on Governor Haskell, of Oklahoma.

PUTS M'LAURIN IN OIL TANK

He Speaks Before the New York State Convention of the Independence League Party—Read Another Batch of Letters.

New York, Sept. 26.—William R. Hearst addressed Thursday night the state convention of the Independence League party, as the New York state branch of the national independence party is officially known, renewed his attack upon members of both the republican and democratic parties, and produced another batch of letters which he said were written by or to John D. Archbold, of the Standard Oil company.

One of the letters was addressed to former United States Senator John L. McLaurin, of South Carolina, and there was also a letter from former Senator McLaurin to Mr. Archbold, in which the writer declared he could "beat Tillman if properly and generously supported."

Mr. Hearst read also a letter from Representative Jos. C. Sibley to Mr. Archbold and a letter from Mr. Archbold to a "republican senator," whose name did not appear.

Renewing his assault upon Governor G. N. Haskell, of Oklahoma, treasurer of the democratic national committee, Mr. Hearst declared that not only was he a "Standard Oil tool and promoter of crooked railways, but was one of the organizers of the steel trust."

He quoted from what he said was a court record of a suit brought by John P. Bailey. Mr. Haskell's law partner in Ohio, against the Illinois Steel company and the Federal Steel company, for services rendered by Mr. Haskell as attorney "and organizer."

Mr. Hearst also quoted from what he declared was a recent speech if Mr. Haskell's, defending the Standard Oil company, as "having done wonders in the country."

"We know," said Mr. Hearst, "that it has done wonders in the United States senate."

The new charges were received with great enthusiasm.

HONORED, SAYS HASKELL

Kansas City, Mo., Sept. 26.—Governor Haskell denied that he intended to resign his position as the treasurer of the democratic national committee.

Regarding Mr. Hearst's charge coupling him with the steel trust, Haskell said he felt highly honored at being classed with Schwab, Carnegie and Morgan. He denied that he had been in New York city in 1896 at a gold democratic meeting in Madison Square Garden and applauded attacks made on Mr. Bryan.

He declared that President Roosevelt is the "biggest four-flusher" in the political business today," and added:

"You ought to hear what they think of the rascal down in Oklahoma."

Bryan Will Answer President's Attack

Cincinnati, O., Sept. 26.—Mr. Bryan will make answer to the letter of President Roosevelt replying to his telegram in reference to charges against Governor Haskell's alleged interest in the Standard Oil company.

Mr. Bryan did not indicate Thursday when he would find time to write his answer, or in what manner he would do it, whether by letter or by a statement, but he indicated that his reply would be made as speedily as he could.

LIBERAL CONVENTION CALLED

Atlanta, Sept. 26.—Colonel Sidney C. Tapp, founder of the new "liberal" party, has sounded a clarion call to his followers to meet in national convention in Chattanooga on Oct. 8. At the convention candidates for president and vice president will be named.

SENT FAKE MESSAGE.

Man Disguised as Negress Tried to Abduct Young Lady.

Thomasville, Ga., Sept. 26.—What appears to be a deep-laid plot against one of the most prominent ladies in the city occurred Thursday afternoon.

A negro woman, now decided to have been a white man in disguise, drove to the house where Miss Lucie Linton was living alone, and gave her a note purporting to be from her brother-in-law, Gerald Green, of the city of Athens, Ga., stating that he had been injured in a runaway, and asking her to come to the home of Mr. Ritchie, three miles from town.

As a telegram was sent Miss Linton from Moultrie signed with her brother-in-law's name, she did not hesitate, and left with the woman, but became suspicious, and on the outskirts of the town refused to go any further. The supposed negro grabbed her, but she drew a pistol and fought off the fictitious negress, in spite of the efforts to throw a blanket over her head and to bind her with straps of ducking which had been provided for the purpose.

D. J. Brewton heard her screams and on his approach the negress leaped from the buggy and ran. Shots from nearby proved the presence of confederates.

The motive is supposed to be the robbery of the home after the abduction of Miss Linton.

TAFT SPEAKS IN IOWA.

Candidate Pledges Himself to Do Much For Cause of Labor.

Clinton, Iowa, Sept. 26.—Iowa welcomed William H. Taft early Friday morning and listened to his voice throughout the day as his special train touched at Clinton, Davenport, Muscatine, Burlington, Ottumwa and Des Moines.

Mr. Taft's voice, which troubled him much Thursday, was in decidedly better condition when at 8 o'clock he addressed a large crowd in Dewitt park at Clinton.

The candidate devoted himself to the labor question, reiterating that he has heretofore said on that subject by holding up the republican legislative record in comparison with democratic promises, and finally pledging himself to do everything in his power, if elected, as he expressed confidence he would be, to put labor on an exact equality before the law with all other citizens—which he termed the square deal.

Governor Cummins preceded Mr. Taft in an address in which he pledged the national ticket the most hearty support.

ATLANTA PRIMARY.

Woodward Elected Mayor by Good Majority Over Both Opponents.

Atlanta, Sept. 26.—The city primary passed off very quietly. James G. Woodward defeated both his opponents by a majority of 426.

In the third ward there will be another election. Charles Chosewood led both his opponents, but lacked 71 votes of securing a majority of all the votes cast. He will run the race over with the next highest candidate, J. G. Haggard.

The majority for the popular election of certain city officials now elected by the general council and by the city boards was overwhelming. There were very few votes against the measure.

The vote was taken as an expression of the people.

INJURED IN PECCULAR MANNER.

Birmingham, Ala., Sept. 26.—Advices from Gadsden say that Congressman John L. Burnett, of the seventh district and prominent on committees of congress dealing with immigration, is suffering from an injury received in a peculiar manner a few days ago at his home.

He was seated on a chair when he attempted to pick up a paper which had fallen to the floor. The arm of the chair injured his side. It was at first thought that a rib or two had been broken. He will be off the plan for some little time on account of the injury. Physicians are attending him.

LIBERAL CONVENTION CALLED

Atlanta, Sept. 26.—Colonel Sidney C. Tapp, founder of the new "liberal" party, has sounded a clarion call to his followers to meet in national convention in Chattanooga on Oct. 8. At the convention candidates for president and vice president will be named.

SHE WANTS \$100,000

Actress Sues Senator Elkins' Son For Alleged Breach Promise.

HAS CAUSED A SENSATION

Senator Elkins, It Is Said, Admitted the Suit, but Denies that His Son Ever Promised to Marry Actress.

Nothing in It, He Says.

Philippi, W. Va., Sept. 26.—The filing of a suit for \$100,000 damages on an allegation of breach of promise to marry by Louise Lonadale, a New York actress, against Blaine Elkins, youngest son of United States Senator Elkins, has caused a sensation.

The young man is a brother of Katherine Elkins, who is reported engaged to marry the duke of Abruzzi. A summons was served on young Elkins at his country home at Atkins, W. Va., to appear before United States Judge Dayton and answer the charge.

In a talk over the long distance telephone Senator Elkins, who is at Atkins, W. Va., admitted the suit and said:

"My son never promised to marry this young woman, and there is nothing in it. He denies the whole charge absolutely."

TO TEST CONSTITUTIONALITY.

Louisiana's New Law Relating to Theatregoers.

New Orleans, La., Sept. 26.—The constitutionality of Louisiana's new law, forbidding theater patrons to take seats while the curtain is up, is to be tested by New Orleans theater-managers.

The managers have decided on this course after experiencing two days of considerable annoyance since the law went into effect on Wednesday. Several theater patrons demanded their money back when they could not be seated immediately.

A child which got out of her seat disturbed an audience by crying loudly for her mother when ushers refused to let the little one return. Enforcement of the law has not been thorough because the police cannot make arrests for its violation except when they personally are witnesses to the act of violation.

OFFICERS AFTER BLIND TIGERS.

Negro Spotter Fatally Shot While Leading Sheriff on Raid.

Birmingham, Ala., Sept. 26.—Deputy sheriffs made several raids during Thursday night in north Birmingham searching for blind tigers, reports of a number being in existence having been received at the office of Sheriff Higdon.

Joe Wren, a negro spotter in the employ of the sheriff, was steering the officers. A number of negroes had been taken in tow and placed on a house porch preparatory to being brought to the city after midnight when a pistol shot rang out and Wren fell to the floor.

Several of the prisoners got away, and there is no telling who did the shooting.

Wren cannot recover.

DANIELS IS OPTIMISTIC.

Chairman of Press Committee Speaks of Bryan's Ohio Tour.

Chicago, Sept. 26.—Joseph Daniels, chairman of the press committee, was at his desk Friday at the democratic national headquarters, and spoke enthusiastically of the Ohio tour of Mr. Bryan.

"I cannot make any statement concerning Governor Haskell or the Standard Oil incident at this time," said Mr. Daniels in response to questions concerning the probability of Governor Haskell retiring from active work in the national campaign. "But I will say this. Ohio is just as surely in the democratic column as is Nebraska. And there is no doubt that Mr. Bryan's own state will give him big votes."

SOUTHERN PROGRESS.

Announcement of New Industries Soon To Be Started.

Baltimore, Md., Sept. 26.—Suggestive of the tendency in the south to utilize its various mineral resources in industry is the announcement of plans by a \$500,000 company to establish on thirty acres of land near San Antonio, Tex., a Portland cement plant capable of turning out 1,000 barrels daily. The buildings will be fire-proof and of steel and corrugated iron. An interesting undertaking is the development of a whetstone quarry on Burnt Mountain near Jasper, Ga., to have a capacity of 1,000 hones a day. At Columbia, S. C., will be erected a fertilizer factory with a main building 300 by 75 feet and an annual output of 10,000 or 15,000 tons.

In textiles the week was marked by announcements that a mill at Lagrange, Ga., will spend between \$400,000 and \$500,000 upon another plant to be equipped with 10,363 ring spindles, 132 looms, 57 cards, etc., using electric power and to manufacture heavy duck and carpet yarns; that a mill at Spartanburg has awarded contract for 10,000 spindles and 350 looms additional, and that a mill at Shelby, N. C., is to have another building to accommodate 9,000 spindles.

HITS ROOSEVELT HARD.

E. D. Cameron Takes the Part of Governor Haskell.

Guthrie, Okla., Sept. 26.—State Superintendent of Public Instruction E. D. Cameron, in a 2,000-word letter to President Roosevelt, declares the charges made against Governor Haskell of using the state educational system for personal ends, is a bare falsehood, and that the president, finding he could not prove his charges against Haskell on his own record, "descends to the dirt and filth of a ward politician to willfully and malignantly slander the educational system of Oklahoma."

"The president," continues Mr. Cameron, "is a flagrant falsifier, a ward politician and a four-flusher."

IS HE AFTER SEABOARD?

Reported that Harriman Agents Are Making a Tour of Inspection.

Savannah, Ga., Sept. 26.—John F. Wallace, travelling in a private car, is touring the Seaboard Air Line system, accompanied by Superintendent Harry Grimshaw.

Wallace, who was formerly chief engineer of the Panama canal, is in the employ of Edward H. Harriman. It is said, and is making an inspection of the Seaboard Air Line preparatory to a report to Mr. Harriman upon its physical condition.

The Seaboard is now in the hands of receivers, and it is said that Mr. Harriman purposes securing control of the property.

Will Protect Law-abiding Negroes.

Brownwood, Ala., Sept. 26.—Notices having been posted warning all negroes to leave Brownwood by December 1 on pain of death, a mass meeting of white citizens was held at which the posters of the notices were denounced. The resolutions adopted declared that the notices "were posted by irresponsible persons, who either did not realize the incalculable harm such notice do the community or did not care what the result would be."

Law-abiding negroes were guaranteed protection, and the meeting pledged its support to the city officials in running down the guilty persons.

Tuberculosis Conference.

Philadelphia, Sept. 26.—With all the preliminaries incidental to formal opening and organization out of the way, the delegates to the international conference on tuberculosis Friday gave individual attention to the technical discussions on the care and prevention of consumption. The leading men of Europe and America in the war on the disease joined in the discussion. Provision for advanced cases of tuberculosis, prophylactic measures in infections, hygienic requirements for sanatoria were among the subjects taken up at the morning session.

EARTHQUAKE AT SEA

Steamer Radmes Was Tossed About Like a Chip.

FOUR PERSONS LOSE LIVES

Sea Was Greatly Agitated and Passengers and Crew Were Thrown to the Deck by the Onslaught of Violent Waves in Which Ship Was Caught.

Mexico, Sept. 26.—Advices received here from Acapulco report that two heavy earthquake shocks were felt Wednesday off that port.

The sea was greatly agitated and broke in tremendous waves.

The Cosmos line steamer Radmes, from San Francisco Sept. 8, for the city of Hamburg, was caught and tossed about like a chip. The passengers and crew were thrown to the decks by the onslaught of the waves.

Four persons were killed and several others were wounded by rolling spars and falling woodwork.

The earthquake was barely perceptible on shore.

KILLED WITH PAPER CUTTER.

Tragedy at Little Rock, Ark.—Slayer Held Without Bond.

Little Rock, Ark., Sept. 26.—W. L. Greer, a well known collector of Little Rock, is in jail here charged with murdering James W. Renau, a brakeman, also of this city, in Greer's office, Thursday. It is charged that Greer stabbed Renau with a paper cutter. He was cut in ten places, and died almost instantly in Greer's office.

A coroner's jury held that Renau was killed by Greer "while the deceased was held by Miss Cora Davidson," Greer's stenographer, and recommended that Greer be held without bail. The stenographer testified that she seized and held Renau's hand, when he held a gun, while the two men were on the floor grappling with each other.

The trouble between the two arose over a collection of a small amount.

WOMAN'S STRANGE SUICIDE.

First Appeared Nude on Streets Then Shot Herself in Home.

Dayton, O., Sept. 26.—Declaring her disgust with modern fashions, Mrs. Lulu Kreitzer, aged 40, a widow, returned to nature and appeared, it is said, in the street nude. When the police were summoned, the woman entered her home and after firing two bullets into her stomach, set fire to the house and defied the officers.

After some delay the door was broken down and the woman found lying on the floor in a pool of blood, but with a revolver clutched in her hand, from which she fired at the policemen until the weapon was empty. The bullets failed to take effect. The woman was fatally wounded.

CHOLERA DIMINISHING.

Complete Disappearance of Disease Expected Soon at Manila.

Manila, Sept. 26.—The epidemic of cholera is believed to have reached its height and to be diminishing. The daily average of cases in this city has fallen below thirty and a low death rate indicates that the plague is present in a form light and not virulent.

Alfred McVeigh, a government employee who for many years was in Columbus, O., and who was stricken several days ago, is dead.

The authorities expect a steady decline in the number of new cases, and the complete disappearance of the cholera within a short time.

Varley Sails for America.

Rome, Sept. 26.—Archbishop Foley of New York, and his suite, who came to Rome last week to participate in the ceremonies on the occasion of the fifth anniversary

DIES WHILE WRITING TO HIS LOVED ONES

Sudden Ending of Machinist At High Springs Wednesday Night.

MACHINISTS TOOK CHARGE

Had Remains Embalmed and Shipped to His Kentucky Home—Was Well Liked by His Fellow Co-Workers in Shops.

From Friday's Daily Sun:

Chas. W. Keitchman, a machinist employed in the A. C. L. shops at High Springs, died suddenly Wednesday night while he was writing a letter to his loved ones in Kentucky, his old home.

The deceased had come to High Springs only a few months since and had endeared himself to the machinists of the shop with whom he worked, and it was this body of men that took charge of the remains and had them embalmed and properly prepared and shipped to his former Kentucky home.

It was his custom to write his people regularly every week, and it was while he was engaged in this pleasant duty that death overtook him. The case was pronounced one of heart failure by the physician called to make the examination.

No one was in the writing-room of the hotel at the time of the man's death, and he made no outward struggles or noise, for parties sitting on the porch adjoining the room heard no sound during the time the man was inside, and were surprised to find him cold in death when it came time to close up the house for the night.

COTTON COMING TO MARKET.

Tucker Ginney Now Receiving It by the Carload.

Since the perfect operation of the Tucker ginney, that institution is receiving the fleecy staple in car lots daily, and the scene around the plant is a busy one.

The proprietors already find that they will be compelled to enlarge their plant another season, and this they propose to do before the time arrives to begin work of ginning.

Taking into consideration that the season was so far advanced, they did not deem it necessary to install more gins this year, but the large demand made upon them has proven otherwise, and they are receiving cotton that they had not anticipated they would get this year.

The capacity of the plant is ten bales daily, and they are now putting up its full capacity, it being difficult to keep up with the amount of cotton that is being received.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Remedy will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Remedy is taken in time. J. W. McCollum & Co.

Making it Look New.

E. Baird is determined to have his opera house and other south-side property look the best, with the result that he has a force of painters at work giving the stores of McCollum & Co., N. George, J. G. Harrold, John Chestnut, and J. Manasse a neat and attractive coat of paint, which gives them all the new and clean appearance in conformity with the new opera house.

For a Sprained Ankle.

A sprained ankle may be cured in about one-third the time usually required, by applying Chamberlain's Liniment freely, and giving it absolute rest. For sale by all druggists.

Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Poisonous substances are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

Also manufacturers of
Ayer's HAIR VIGOR.
AGUE CURE.
CHERRY PECTORAL.

We have no secrets! We publish the formulas of all our medicines.

DEATH OF JOHN FLOYD.

Caused from Accidental Discharge of His Own Gun.

Alachua, Sept. 25.—A well-known and respected farmer residing three miles west of Alachua died Tuesday morning at 1 o'clock, from the effects of a gunshot wound in his left arm.

About ten days previous to his death his attention was attracted by a polecat among his chickens near the house. He shot the cat and set the gun down, when the hammer struck an unseen object and the gun was discharged, the load entering his left arm near the elbow, blowing off part of the joint and mutilating the flesh terribly.

Dr. J. W. Bishop dressed the wound and attended him all during his illness and pronounced his wound as doing nicely, but last Friday he grew worse and blood poison developed, causing the wound to be fatal.

Mr. Floyd was well known and loved by all who knew him. He was 27 years of age and a devout Christian, and he told his dear ones that he felt prepared to meet his Creator. Mr. Floyd leaves a wife and two little children, his father, mother, two brothers and two sisters to mourn his death. He was a kind and affectionate husband and a dutiful son.

His remains were interred in the Forest Grove cemetery Tuesday evening, the burial services being conducted by Rev. Foster of Alachua. Many beautiful flowers were carried by kind and loving friends and strewn on the grave.

"Dear Johnnie has gone to heaven. His place is vacant here, but we know that we shall meet him in that land that is free from care."

MRS. J. R. WARNOCK.

BONDS \$500 EACH.

Walker and Kirby Given Preliminary Hearing at Starke Thursday

In the case of Deputy Sheriff I. C. Walker of this county, being charged with assault with intent to kill, which was heard before the county Judge at Starke Thursday, bond was required in the sum of \$500 for his appearance at the next term of court. Friends here believe that the case will really amount to nothing and that the defendant will be released when court convenes. Walker was represented by Col. Lang of Starke.

J. H. M. Kirby, a resident of Newberry, who was also arrested on the same charge, was given his preliminary and was bound over in a like sum. He is represented by Col. B. A. Thrasher of this city and Col. Gornto of Starke.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physician for diabetes, but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Remedy cures backache and all forms of kidney and bladder trouble. J. W. McCollum & Co.

When you drink, drink "Bond & Lillard." It took the prize at the World's Fair for purity and the best ever. It is made at the home of pure whiskies, eight years old, and bottled in bond. Twelve full quarts, \$12 per case. Address Stoddard & Co., Lexington,

NO MORE PLAYING UPON THE STREETS

Council Passes Ordinance Prohibiting This Common Nuisance.

LICENSE TAX HAS BEEN RAISED

The Tax on Hacks and Drays Has Been Increased by the New License Ordinance—Adjourned Until Tonight at 7:30 p. m.

From Friday's Daily Sun.

The City Council met on Wednesday night pursuant to adjournment, when the following members were present: President Shands, Aldermen Burnett, Cannon, Graves, Mixson, and Clerk Dell.

Ordinance No. 168, being an ordinance prohibiting the playing of baseball and football on the streets of the city, was passed and a penalty attached which will in future prevent this nuisance on the public thoroughfares.

This practice, which has been largely indulged in lately by the younger set more than others, has caused many horses to run away, and recently one horse was so badly injured that the animal had to be killed.

Ordinance No. 169, for the collection of the city revenue, was also passed at this meeting of the body. In a great many instances the rates have been increased, but the rate will fall harder on the hackmen and drays, as they have been raised more than other enterprises.

The clerk was instructed to purchase the State statutes of 1906 and also the acts of the Legislature for 1907, the same to be paid for out of the contingent fund.

Council adjourned until Friday night, when they will meet at 7:30 o'clock.

A SURPRISED MINISTER.

"For many years I have been a sufferer from bronchial catarrh, and had despaired of anything like a cure. Judge of my pleasant surprise when I first used Hyomel, which brought complete relief. Hyomel has been a veritable godsend."—Rev. Charles Hartley, Sardinia, Ohio.

Thousands of catarrh sufferers have given up in despair. They have tried stomach dosing, snuff, sprays and douches without success, and now believe catarrh to be incurable.

But J. W. McCollum & Co., the druggists, hold out hope to all distressed. They sell a remedy called Hyomel which is guaranteed for catarrh, colds, coughs, bronchitis, asthma and croup.

Hyomel (pronounced High-o-me) is medicated air, full of the healthy virtues of the mountain pines. You breathe in the delightful antiseptic air, and as it passes over the inflamed and germ-ridden membrane, it allays the inflammation, kills the germs, and drives out the disease.

A complete Hyomel outfit, including a hard rubber inhaler, costs but \$1, and an extra bottle of Hyomel, if afterwards needed, costs but 50 cents. See J. W. McCollum & Co. about it today.

OFFERING WAS GOOD.

Neat Sum Raised by the Local Lodge of Rebekahs Thursday Night.

The neat sum of \$14 was raised by the Rebekahs lodge on Thursday night as their offering for the orphanage fund.

After the regular meeting, at which some new members were given the degree work, the lodge took up the matter of a free-will offering for this worthy institution, which was liberally responded to.

It is the desire of the lodge to increase this amount, and they will hold it open for others to join them in sending a larger contribution.

Anyone desiring to contribute to the cause can do so by handing the amount to any of the Rebekahs, and it will be duly forwarded and at the same time be assisting not only the Rebekahs in making a fine showing, but also the orphans.

Good for Blisters.

"I took two of Chamberlain's Stomach and Liver Tablets last night, and I feel fifty per cent better than I have for weeks," says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for blisters."

For sale by all druggists. Samples free.

IMPORTANT LAND CASE IS HEARD

Took Over Two Days to Hear Evidence in the Matter.

EXPERT WITNESSES EXAMINED

The Land in Question is Alleged to Be Very Valuable for Phosphate Purposes and Unfit for Farming, for Which it Was Entered.

From Friday's Daily Sun:

Another important land case has been heard before the Register and Receiver of the United States land office in this city, which has occupied their attention for the past two days.

The land in question is located in Levy county and is described as the south $\frac{1}{4}$ of northeast $\frac{1}{4}$ of southeast $\frac{1}{4}$, section 12, township 15, range 19, near Standard.

The property has been homesteaded by a party who had entered it and was farming upon the land, but outside parties contested the entry, claiming that it is land that should come under the mineral act, it being alleged that the land has valuable phosphate deposits upon it.

Expert witnesses were examined and a great deal of time has been taken upon this case, several prominent people being summoned as witnesses by the parties interested.

Surprise Party.

From Friday's Daily Sun:

Quite a number of young friends of Miss Jessie Wimberly surprised her on Wednesday evening when they assembled at her mother's home. There were several couples in the party and the evening was pleasantly spent by those present. Miss Wimberly will leave within the next few days to resume her studies, and the party was given as a farewell affair.

Don't be afraid to give Chamberlain's Cough Remedy to your children. It contains no opium or other harmful drug. It always cures. For sale by all druggists.

GO RIGHT AT IT

Friends and Neighbors in Gainesville Will Show You How.

Get at the root of the trouble. Rubbing an aching back may relieve it.

But it won't cure it. You must reach the root of it—the kidneys.

Doan's Kidney Pills go right at it; Reach the cause; relieve the pain. They cure, too, so Gainesville people say.

Mrs. John Smith, living at 307 E. Magnolia street, Gainesville, Fla., says: "I had been suffering from a weak back and severe pains in my sides for a long time. I could not stoop without experiencing sharp pains through my body, and after stooping, found it very difficult to regain an erect position. I was subject to headaches and at times was very nervous. When I saw Doan's Kidney Pills so highly recommended for these troubles, I procured a box at J. S. Bodiford & Co.'s, and began their use. I had been taking them but a short time before I felt much better. I continued their use, the pains lost their severeness, and I gained in strength. I consider Doan's Kidney Pills an excellent remedy and am pleased to recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Stop Sale of Cotton.

Paragould, Ark., Sept. 25.—There is no buying or selling of cotton in this county as the result of recent agitation due to the appearance of night riders in the cotton raising communities of Mississippi. A band of men appeared at Bethel, four miles south of this place Wednesday night. The appearance of the band has created considerable excitement in the community.

To Be Happy

You must have good health. You can't have good health if your liver is not doing its duty—slow but sure poisoning is going on all the time under such circumstances. Ballard's Herbine makes a perfectly healthy liver—keeps the stomach and bowels right and acts as a tonic for the entire system. Sold by W. M. Johnson.

OWENS ATTACKED BY UNKNOWN PARTIES

Shoot at Him and His House in Hours of Darkness.

LOAD OF BUCKSHOT FOR HIM

Was Party Who Shot Man Near Alachua Last Week, Who, He Alleges, Insulted His Wife While in Her Own Home.

From Saturday's Daily Sun:

R. H. Owens, who resides near Alachua, is now being visited by unknown parties who evidently want to take his life.

During the early part of the week unknown parties visited his house and from ambush shot at him a load of buckshot, several of the shot hitting him, but as the distance was considerable, they did not take serious effect. He was hit in the head with some of the shot while two of them grazed his neck, and the scars still remain as proof.

Not satisfied with this, they again visited his home on Friday night when they discharged two loads of shot into his dwelling house in order to induce him to come out that they might have a better show at their marked victim.

About two weeks since Owens shot a party at his home, who he claims insulted his wife, and this is probably the outcome of the first shooting affair.

Owens was in the city Friday to look into the case, and will have warrants issued for the parties that he supposes did the shooting. At the first attempt he claims that he recognized the party that fired the gun, as it was just beginning to get dark when the attempt on his life was made.

Quick Relief for Asthma Sufferers. Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. J. W. McCollum & Co.

KING OF ALL LINIMENTS

CURES RHEUMATISM AND ALL PAIN

CURES

NEURALGIA, SPRAINS, CUTS, BRUISES, BURNS, SCALPS, OLD SORES, CRICK IN BACK, RACKACHE, LUMBAGO, STIFF JOINTS, CONTRACTED MUSCLES, SPRAINS, ARIZELS, COWHORN'S SPRAINED WRISTS, FROSTED FINGERS, CHILBLAINS, AND ALL INFLAMMATIONS OF SKIN OR BONES.

"I was much afflicted with rheumatism," writes Ed. C. Nud, Iowaville, Sedgwick Co., Kansas, "going about on crutches and suffering a great deal of pain. I was induced to try Ballard's Snow Liniment, which cured me, after using three 50c bottles. IT IS THE GREATEST LINIMENT I EVER USED; have recommended it to a number of persons, all expressing themselves as being benefited by it. I now walk without crutches, and am able to perform a great deal of light labor on the farm."

THREE SIZES: 25c, 50c AND \$1.00

MANY PERSONS

Are timid about opening a bank account, because they feel that their knowledge of banking is limited, or perhaps they consider their amount of money too small. To all such persons we wish to say that opening a bank account with us is easy. We explain all details and make it simple for you. We are glad to see you and to encourage any who have small sums to open an account here.

PHIFER BROS., BANKERS

Miss Tebeau's Boarding and Day School

OPENS MONDAY, SEPTEMBER 21, 1908
No. 300 West Main Street S. GAINESVILLE, FLORIDA
THIRTY-FIFTH YEAR

The Gainesville Furniture Co. Way of Doing Business

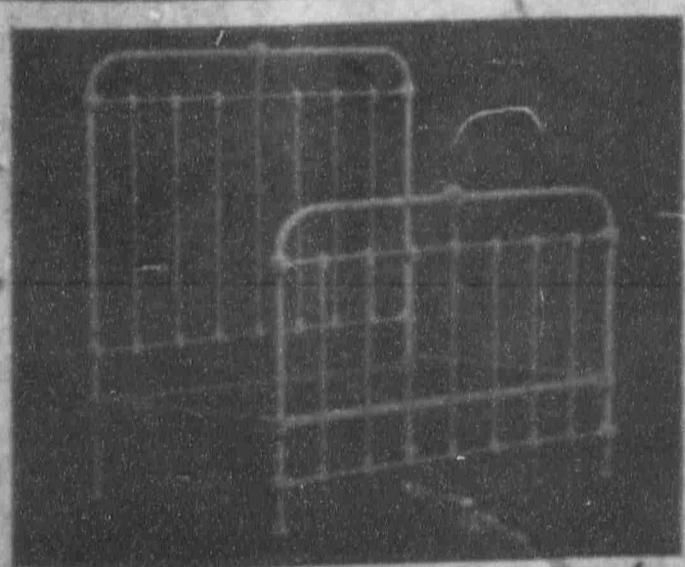

15,000 SQUARE FEET FLOOR SPACE
**GAINESVILLE
FURNITURE
COMPANY**

Our Terms:

50c a week pays for \$10 worth.
75c a week pays for \$15 worth.
\$1.00 a week pays for \$20 worth.
\$1.50 a week pays for \$25 worth.
\$2.00 a week pays for \$40 worth.

That's Easy,
Isn't It?

OUR semi-annual heart-to-heart talk is due, for the Fall is approaching and preparations for refurnishing occupy the mind. Now, suppose you have the cash. There is little wisdom in paying a cash house 25 per cent more than our prices, for we will take your money, if you insist, and will make you a very fair discount, but we'd just as lief you would open a charge account, subject to small periodical payments. We'll make the terms to conform with your revenue. Under any conditions, we assure you of the same goods for 25 per cent less, or at the same price we will give you 25 per cent better goods. This is no idle talk—there's a way to prove it. Don't wait until you have bought, but satisfy yourself, in advance of any promise to pay. Understand, you needn't buy because you look. Our salesmen will not urge you, nor persuade you. All we ask is that you do not skip us by. If you compare our goods—our prices—with all other offerings, your own good judgment will make you a customer of this store.

We Furnish Four Rooms

Neatly, Completely and Substantially for . . .

\$119.80

YOU PAY ONLY \$19.80 CASH—the balance on terms agreed upon—a little each week or a little each month. There's not alone the Furniture for the four rooms, but the floor coverings, the lace curtains, the pictures for the walls, lamp for the library, table, etc.—everything complete.

Handsome Dining-Room Furniture
In the style of every household, and arranged to suit to the beauty of the new designs in rich and handsome Sideboards, Buffets, China Cabinets, Dining Tables, Side Tables and Chairs at this store. Specials now—prices lowest.

GAINESVILLE

The Sun

Entered December 31, 1902, at Gainesville, Fla., as second-class matter, under Act of Congress of March 3, 1879.

Published Every Monday and Thursday at Gainesville, Florida.

H. H. MC'REARY, Editor and M'ger.

Terms of Subscription.

The Twice-a-Week Sun \$1 a year; six months, 50c.; single copies, 5c.

Advertising Rates:

Local advertisements, 15 cents a line for the first and 10 cents for each additional insertion.

Display advertisements for three, six and twelve months at special rates. Prices furnished upon application.

Marriage and Death notices inserted free. Obituaries, 5 cents a line.

Our Clubbing List.

The Sun and The Thrice-a-Week (N. Y.) World one year.....	\$1.65
The Sun and The Atlanta (Ga.) Weekly Constitution one year.....	1.75
The Sun and The Atlanta (Ga.) Semi-Weekly Journal one year.....	1.50
The Sun and The Semi-Weekly Times-Union one year.....	1.50

We will not accept stamps of a larger denomination than 2 cents.

GET FAMILIAR WITH THESE.

As there will be a large number of Presidential Electors on the ballot at the election in November it behoves Democrats to become familiar with the Bryan electors, which are as follows:

For Presidential Electors:

H. P. BAILEY.

P. W. BUTLER.

ROBT. E. DAVIS.

GEO. C. MARTIN.

SAMUEL PASCO.

Paste this list in your hat, so that when you are asked who the Democratic electors are you may be prepared to give the desired information.

BRYAN AND KERN FUND

Following is the condition of The Sun's Bryan and Kern campaign fund as it now stands:

Previously acknowledged and remitted

\$100.00

W. M. Blitch, Santa Fe..... 1.00

Eli Putch, Gainesville..... 1.00

J. W. Etzel, Gainesville..... 2.50

D. G. Harvard, Live Oak..... 1.00

Arch L. Jackson, Gainesville..... 1.00

W. H. Powell, Archer..... 1.00

P. G. Ramsey, Wacahoota..... 1.00

Dr. J. H. Hodges, Gainesville..... 1.00

E. G. Baxter, Gainesville..... 1.00

L. H. Hall, Orange Heights..... 1.00

E. R. B. Kite, Orange Heights..... 1.00

Robert Kite, Orange Heights..... 1.00

H. H. Bryant, Orange Heights..... 1.00

Let every one who can do so send in at least a dollar.

How about an old-fashioned Democratic rally and barbecue in Gainesville some time in October?

Send in your contribution to assist in the election of Bryan and Kern. Don't delay, but DO IT NOW, lest ye forget.

Senator James P. Tallaferro, one of the best-posted men politically in the United States, says Bryan will be elected.

Editor Jordan of The Punta Gorda Herald wants the new Battleship Florida manned by Floridians. How would "Commodore Jordan" sound?

The City Council did the right thing in prohibiting the playing of ball on the public thoroughfares. Now let the policemen enforce the law to the letter.

Now that the Foraker and Taft factions have unsheathed their knives and are "slashing" each other, there is no doubt about the Buckeye State going for Bryan.

So many murderers are confined in the Duval county jail that Judge Call has ordered a special term of the circuit court to try them. Crime is steadily on the increase in Jacksonville and Duval county.

The Standard Oil Company is not likely to put up much "dough" for either of the political parties in this campaign; but how about the sugar trust? In the days of Havemeyer it was the custom of that octopus to contribute equally to both parties.

AN OLD PAPER.

A friend has sent The Sun an interesting publication—a copy of The Spectator, published in London, England, and dated November 6th, 1869. The paper on which it is printed is of excellent quality, not having faded in the least, and the print is clear and distinct. It is a four-page issue, the pages being 8½x13 inches, and contains a resume of the news of the past week. In this issue of The Spectator we find the following reference to the death of two prominent English subjects of those days:

"Two millionaires of mark have died this week, the Marquis of Westminster, and Mr. G. Peabody. The Marquis was remarkable only for the business capacity which is the specialty of his house, for a certain tone of self-will in his dealings with his property, displayed chiefly in the conditions he exacted from his London tenants, and for his enormous wealth. He was popularly supposed to be the richest man in the world, and though this was an exaggeration, it is probable that he was the richest subject in Europe not engaged in trade. His wealth, moreover, has this peculiarity, that unless heaven sends a spendthrift into the race to the relief of mankind, it may increase indefinitely. Every new source of wealth contributes a bit to the income of the Grossvenors, which, if London does not decay, must at no distant date approach half a million a year."

"Mr. Peabody, the second millionaire, was in 1806 apprentice to a grocer in Massachusetts, quitted this for a dry-goods store, quitted this for a dry-goods merchant's business, and quitted this for an occupation best described as an American agency in London. Though not a strikingly able man, Mr. Peabody had the quality, whatever it be, which enables men to make fortunes—it is perhaps a kind of prescience in trade akin to the prescience of a sculptor, who foresees the lines his chisel will make—and he accumulated a fortune which is estimated by The Times at a million, but which the city believes to be more nearly four. Out of this wealth Mr. Peabody gave away during his life more than half a million, dividing his gifts between America and England, and showing great judgment in their distribution. Poor Londoners want houses, so he gave a quarter of a million to build them; poor Americans want teaching, so he bestowed the same sum on educational institutions in Massachusetts and Maryland, the States of his birth and his adoption. This munificence—which might be called regal, if royalty in these days ever gave—attracted the more attention, because English millionaires have, as a rule, forgotten how to give, and Mr. Peabody was thenceforward an object of reverence to the multitude and of attack to the begging-letter writers. The Queen offered him a baronetcy, the city gave him a statue, and the English-speaking race throughout the world mourns his death as that of one of the few men who could make money like a tradesman and use it like a prince. It is easy to deprecate such an example, but it is a useful one, if only because it helps to raise the public standard of munificence. Marvelous as English charities are, there is a want of grandeur in the English nations about giving from which Americans seem to be free."

DR. ELIOT'S STATEMENT.

The statement of President Eliot of Harvard University in sharp criticism of the American protective tariff system should make a strong Democratic campaign document, and will undoubtedly be so used with effect, says The Wall Street Journal. While the Republican party is now committed to tariff revision, it is still the firm upholder of the protective system, and President Eliot's paper denounces the whole protective principle.

Dr. Eliot goes so far as to declare that the tariff is not necessary to the maintenance of American wages or American standards of living, and that the high tariff instead of being a protection to American labor, is really a protection of some sorts of invested capital, and is a promoter of monopoly.

Dr. Eliot's name stands among the highest in the United States, and what he says must be treated with the utmost respect, especially as he speaks without partisan bias and from the standpoint of scholarship.

Sun "Want" ads. bring results.

"MOTHER WILL PRESIDE."

While busybody editors and no end of individual gossips have been stirring pen and tongue in speculating on the future mistress of the executive mansion, General Albert W. Gilchrist has been paying a visit to his aged mother in South Carolina. And on his return, he says to The Jacksonville Metropolis:

"Mother is enjoying excellent health at present, and I am glad indeed to state that she will preside at the Governor's mansion for me when I am inducted into that high office next January. Although Florida is abloom with beautiful and lovable women, I do not think I could find one who would look after the home of a bachelor Governor better than mother."

"Mother will preside."

There could be nothing more characteristic of this gentle, yet great-hearted man, chosen by his people to fill their highest place, than this modest rebuttal to that idle comment which has coupled his name with prospects hymeneal.

"Florida is abloom with beautiful and lovable women—but none like Mother."

Not among the fairest of the sex, though including many fitted to share a good man's joys and sorrows, to make for him a home all attuned to love, could General Gilchrist find one worthier for the exalted post of mistress of the mansion where he will spend his period of power. "Mother" expresses the first, the last, the early morning, brilliant noon, the shadowy evening; through all the shifting scenes from birth to death, the quickening pulse of youth, the sturdy strength of manhood and the after-years when comes the inevitable hour when we must watch her tired eyelids droop to final sleep, she is the ever-faithful guardian of our earthly way, unfailing alike in her loyalty and her love!

And General Gilchrist, whatever feminine charms may lure him to the matrimonial altar and point out to him the sweet possibilities that illumine the nuptial vows with radiant promise, chooses well and wisely and bars the besetting dangers that lurk along his future path when he elects "Mother" the first lady of his administration.

When official cares perplex, it will be "Mother" who will smooth the furrowed brow with the gentle hand that leads him still and bring the benediction of her kiss to lull his troubled thoughts to rest.

When elated with success, he hears the plaudits of his people for some State service honestly and ably done, it will be "Mother" who will speak the commendation sweetest to his soul and who will breathe the inspiration to higher purposes and nobler deeds.

However exalted may be the positions he attains, however wide may extend the circle of his influence and power, he will be always her "boy" and her hands will ever guide him safely and aight—hands which, as Henry Grady beautifully said, "are fairer yet to me than the hands of mortal woman and stronger yet to lead me than the hands of mortal man."

Small danger of an era of wrong and deceit at the Capitol with "Mother" presiding at the Executive Mansion!

And with what serene confidence will the right-thinking people be enabled to look toward the gubernatorial chair when they can know and say:

"All is well with the State because Mother is there!"—Tampa Tribune.

Subscribers to The Sun are asked to remember the postal regulation that forbids publishers extending more than one year of credit to their subscribers. Examine the date opposite your name printed on the margin of the paper and if you find yourself indebted to us send in a remittance without waiting for a statement. The sending of statements costs about five cents each and is an expense that the publisher ought not to have to incur.

R. D. McDonald of DeLand is so far the most liberal contributor to the Bryan and Kern campaign fund from Florida, having sent his check for \$200. It was our pleasure to form the acquaintance of Mr. McDonald in 1900, when he was a delegate to the National Democratic Convention which was held in Kansas City, and a finer gentleman it has never been our pleasure to meet. He is "all wool and a yard wide."

A LAW THAT IS NOT A LAW.

At the last session of the Florida Legislature it was sought to frame a bill of some sort that would protect the several counties of the State from the payment of costs in cases arising from prosecutions in courts of justices of the peace. Finally a measure was decided upon, was introduced, and it passed both houses.

The measure provides that justices shall exact a bond for costs in all criminal cases arising in their courts. The county commissioners of Franklin county—and it seems that other boards as well—have been guided by this legislative enactment, and have refused to pay cost bills when the bond or the insolvent oath was not forthcoming. A careful investigation reveals the fact that the legislative enactment referred to is not operative—the Supreme Court of the State (see 51st Fla.) A. U. Howell vs. the County Commissioners of DeSoto county, page 160) setting at naught the doings of that body. In the 23rd Florida, page 46—Bucknam vs. Alexander. Section 9, Article 16 of the Constitution. Sections 4, 11, 14, 20 of the Declaration of Rights, altogether making a case that can not be refuted or ignored.—*palachicola Times*.

DEW-PONDS OF THE ANCIENTS.

One of the prehistoric methods used in securing a water supply in sections where it was impossible to secure it from natural sources or where it became necessary to live on elevated territory for defense, was by the construction of dew-ponds, says The October Popular Mechanics.

These dew-ponds were made by hollowing out the earth for a space far in excess of the apparent requirements of such a pond, then thickly covering the whole of the hollow with a coating of straw. The straw in its turn was covered by a layer of well-chosen, finely puddled clay, and the upper surface of the clay closely strewn with stones.

Such a pond will gradually become filled with water, the more rapidly the larger it is, even though no rain may fall. During the warmth of a summer day the earth will store a considerable amount of heat, while the pond, protected from the heat by the non-conductivity of the straw, is at the same time chilled by the process of evaporation from the puddled clay. The consequence is that during the night the moisture of the comparatively warm air is condensed on the surface of the cold clay. As the condensation during the night is in excess of the evaporation during the day, the pond becomes, night by night, gradually filled.

NO COMPLAINT.

The attitude of the State press on the demise of the administration paper, L'Engle's Sun, reminds one of the story of a Northwestern man, noted for his meanness.

The man went to a neighboring State to visit and died there.

This fact was wired to his relatives, who were, of course, anxious to know something of the particulars.

They inquired by telegraph regarding the death, and asked, "What complaint?"

Back came the answer, clear and concise:

"No complaint; everybody satisfied."—Miami News-Record.

It is said that certain Florida editors who have been publishing the advertisements of New York hotels in exchange for board have been "politely" informed by the hotel men that their due bills were "not good for the month of September." The Sun has always rejected these advertising propositions, which invariably come through bogus agents who require payment in advance of their commission of fifteen per cent. No newspaper man should consider a trade proposition, and it is this class of publishers who do most to injure the newspaper business.

Miss Jefferson Bell of the pension department in the Comptroller's office is given as authority for the statement that the Florida Confederate pension roll has decreased by deaths in the past year from 7,200 to 6,700. This loss of 500 out of so small a roll as 7,200 indicates how rapidly the old soldiers are disappearing and the statement is interesting in view of the approaching reunion of the veterans at Tampa.—*Times-Union*.

TWO NEWSPAPER FAILURES.

Referring to the recent suspension of two Florida newspapers, The Punta Gorda Herald says:

"The Tallahassee Sun, edited by Claude L'Engle, and The Fort Myers Breeze, published by W. E. Griffis, have suspended publication, the former on the 12th and the latter on the 17th inst. Both give the same reasons—patronage insufficient to pay expenses, in consequence of which owners were running in debt. Both editors will engage for a time in other work to get money to pay off debts."

"We believe that the failure of these two papers is due in large measure to the effects of the panic, from which doubtless all the newspapers of the State have suffered, but we think, too, that the very aggressive editorial conduct which characterized The Sun and The Breeze contributed to their failure. Both papers were intolerant of opposition, giving those who differed from them in opinion no credit for honesty; both were unduly severe in denouncing those who did not agree with them; they were bitter enemies of each other, and yet, strange to say, they advocated the same public policies and supported the same men for office."

"No other papers in the State stood up so vigorously for Mr. Stockton or so viciously assailed Gen. Gilchrist. But we do not think that their support of Mr. Stockton and warfare upon Gen. Gilchrist had anything to do with their failure, though we believe that they lost patronage through their uncompromising and almost savage editorial onslaught upon all persons and papers with whom they did not agree."

"Any experienced newspaper man looking at The Sun and The Breeze for the past few months, could readily see that they were losing money. Indeed, it was perfectly plain that the business department of The Sun was utterly neglected as its advertising patronage amounted to almost nothing."

"Fire-Alarm" Foraker, whose political stock in trade has consisted of the expression of hatred for Southern people, has had his "political goose" cooked by the exposure of his connection with the Standard Oil Company. Elected to represent his people of Ohio in the United States Senate, it has been shown that he accepted retainers from the Standard Oil Company to represent that corporation whenever its interests were at stake. President Roosevelt and Candidate Taft have both repudiated the "fire-eater."

The Sun wishes to call special attention to the course of lectures which it is proposed to give in this city under the extension work of the University of Florida. These lectures will prove both interesting and instructive, and the number of persons necessary to insure the full course should be forthcoming at once. Complete information regarding the lectures was given in Tuesday's issue of The Sun.

Col. Frank W. Pope of Jacksonville, whose able speeches contributed a great deal in the June primary towards General Gilchrist's nomination, is now speaking for the national Democratic nominees in the Eastern States. Col. Pope is a forceful and logical speaker and his services are in demand in all national political campaigns.

Statistics and data compiled by Tax Assessor Johnson of Pensacola and made public show that the valuation of all taxable property in the city of Pensacola is \$12,440,947, which is the high mark for an assessment roll in that city, and also reveals an increase of \$5,000,000 over the valuation of four years ago in real estate alone.

The Manatee Record remarks that if the rainy season holds as long as it was late in coming they will have to harvest their vegetable crops in naptha launches in that section. The continued rains have already materially damaged the celery seed beds around Manatee.

"Hurry! Hurry!! Hurry!!" along with your contribution to the Bryan and Kern campaign fund, if you want to see the people rule in these United States.

The task of advertising better, more adequately, than your competitor is yours always, unchangingly.

COUNTY SCHOOLS FOR TERM OPEN MONDAY

Public Schools Will Begin Fall Session This Day.

CLASS ATTENDANCE INDICATED

University High School Has Bright Prospects for Busy Session and unusual Large Enrollment—Teachers All at Their Respective Places.

From Sunday's Daily Sun:
In public schools of the county all open for the fall and winter Monday morning, when the pupils again get down to their

first letters received and personal conversation with supervisors and teachers. Superintendent Kelley is pleased with the outlook for the school.

From indications the coming term will be the most profitable ever held in the county, as good and efficient teachers have been secured for all schools, and the advanced information is that the attendance will be

The University High School for Gainesville, which is the highest public school in the county, will surpass former records, and preparations have been made by the trustees to care of the large overflow that always been evident with the school.

Gainesville Academy, the colored school in this city, has also had considerable improvements made about the buildings and grounds and is prepared for extra large attendance, as it is known to be one of the best colored schools of the State.

Now throughout the county the prospects are bright for a good and successful scholastic year, which will prove gratifying to the board of the superintendent, who have worked hard for this ending of af-

Death at Morriston.

From Sunday's Daily Sun:
Mr. Owen Lloyd received the sad intelligence of the death of her niece, Katie George, which occurred in her home at Morriston on Saturday evening after a short illness.

He left for that place immediately to be present at the funeral services, accompanied by her son, James, and his wife George, who is living with him in this city.

He deceased formerly made her home in this city with Mr. Lloyd's family and was well known here.

Labor contracts for sale at The Sun office. Price, 50 cents per dozen, or one hundred.

If you have found anything see if advertised in the Want column.

DROPS DEAD FRIDAY IN PORTER QUARTERS

Emily Lewis, a Negress, Expires in Western Section of City.

WAS DRIVING HER COW HOME

Small Boy Saw Her Fall and at Once Spread the News of Her Sudden Death—Was Faithful Working Woman.

From Sunday's Daily Sun:

Emily Lewis, a middle-aged negress living in the western part of the city, in what is known as Porter's quarters, dropped dead on the street in that suburb on Friday evening.

She was in the act of driving her cow home when she was struck suddenly and expired under an oak tree before assistance could reach her.

She called to a small colored boy, who was standing near at the time she fell, but before he could get to her she was dead, and he at once notified the residents of that section, who took the remains to her home at 802 South street.

The woman was an industrious, hard-working person, and generally worked in the fields in preference to the wash tub, but always took up the latter vocation when there was no field work for her.

Her sudden death caused a great deal of excitement among the colored population at the time, and many rumors were afloat as to the cause of her death.

NEWS OF CITY AND COUNTY CONDENSED

From Sunday's Daily Sun:

Miss Emily VanDeventer, who has been absent for the past six weeks visiting points of interest in New York State, has returned to her home in this city, much to the delight of her numerous friends.

Miss Maude Lewis has gone to Alachua to assume her duties as one of the assistants in the high school at that place. She is an efficient instructor and the patrons are to be congratulated on securing her services.

C. M. Dell arrived in the city yesterday from Newberry in order to spend Sunday with his family here. They have succeeded in getting their factory in operation and expect to put out a large amount of goods in that section.

The family of P. L. Prevatt have arrived in the city from their former home at Trenton and will make their future home in this city, being located in East Gainesville. The family consists of wife, daughter, Miss Alma, and son, Lewis.

Miss Lillian Henderson, after a delightful visit in this city for the past three weeks as the guest of her friend, Miss Annie Bostick, will leave today for her home in Savannah. During her short sojourn she has made many friends who will be glad to again see her visit the city.

Attention is directed to the financial statement of The Gainesville National Bank, which shows this young institution to be steadily gaining in patronage. Although the youngest of banking institutions here, it is fast coming to the front, which shows that its officers are men who understand their business.

ARCHER NEWS NOTES.

Archer, Sept. 26.—The White House at Archer has changed hands. R. O. Faircloth has sold his lease to J. O. Johnson who will be proprietor in the future. The house has done a paying business since Mr. Faircloth has been in charge and no doubt will continue to do so under Mr. Johnson's management, who is a hotel man.

Andrew Smith is again with Fleming & Sons, after a month's outing visiting his home in Miccosukee.

Miss Minnie Heyman is back again, after a summer's outing in the Caucasus. She is the popular milliner with Hodgson & Wood.

Miss Lucy is home again, after a month's visit to her mother in Ocala.

Geo. Highsmith has sold his mercantile business near the depot to C. D. Wood, and his son, Howard, is now in charge. George goes to Sarasota, Fla., where he will go in business again.

GAINESVILLE RANKS SIXTH IN BUSINESS

Reports Show Steady Increase of Business of Postoffice.

MORE HELP IS NOW REQUIRED

City Council Will Take Action Necessary to Secure Additional Carrier, Making Five in All—Six Rural Routes Now in Operation.

From Sunday's Daily Sun:

The rapid advancement of Gainesville has increased the business of the postoffice to such an extent that more help is now needed, and Postmaster Lynch is working to secure this additional help.

Already members of the City Council have taken action regarding the city numbering and will present the matter to the next meeting to have the work done as required by the Government in order to secure the additional city carrier, which when approved will give us five carriers for the city mails.

There are now in operation five rural routes from Gainesville, and another has been approved and will be started the first of November. This will materially increase the labors of the already overworked employees of the office force.

So great has been the increase in the postoffice that it now ranks sixth in class of the postoffices of the State, and Postmaster Lynch wants to see it advance further and is working with that end in view.

Other offices ahead of Gainesville are Jacksonville, Pensacola, Tampa, Key West and Miami, but it will not be long if the present ratio of increase continues that this will be the case.

More help is needed in the office here and the postmaster is now working with a view of getting the additional clerk, which will help materially in the matter of service.

THE TITLE QUESTION.

Every purchaser or mortgagee of real estate should have the title examined and an abstract made, to ascertain whether there are any defects in it or encumbrances upon it. There are many perils attending real estate transactions, for very nearly all titles have defects, which render them dangerous, if not worthless. The title, therefore, is the first consideration.

Not only should the new purchaser or the mortgagee of a title have the records examined into, but the man who owns his home, and has a family dependent upon him, should see to it that there is nothing that could dispossess his widow or his children in case he should be called to leave them without his care and protection. How is your land titled? This is the question that affects all alike, and should be answered satisfactorily by every man in this county.

You, who read this, are certainly interested, and it would be greatly to your advantage to send to the Alachua County Abstract Co. of Gainesville for their free book on the title question which contains information that every land-owner should possess. They will also send a useful household article upon request for the book.

Has Reached Second Story.

Work is progressing rapidly on the Masonic Temple and that building has now been laid to the second-story. The brick-layers have all been temporarily laid off until the cross beams and posts are placed in position, when they will resume their work and the building will be rushed to completion. The heavy rains of the past few days have interfered but very little with the progress of the workmen, as they put in all the time possible on the building, which shows that the contractors propose to have the building ready at an early date.

Kirby Gets Another Warrant.

From Sunday's Daily Sun:

Deputy Sheriff I. C. Walker has again been arrested, and this time it is for assault with intent to kill, which it is claimed happened at Newberry some time since.

He was notified of the warrant, which was procured before Justice Henderson by J. H. M. Kirby, and he left Saturday for that place to stand his preliminary hearing.

I, T. W. Shands, President of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

T. W. SHANDS, President.

Subscribed and sworn to before me this the 26th day of September, 1908.

W. H. ANDERSON, Jr., Notary Public.

Correct—Attest: W. R. Steckert, J. L. Medlin, G. Henry Davis, Directors.

SEA ISLAND COTTON.

Good Demand in Savannah During Early Part of the Week.

Savannah, Ga., Sept. 26.—There was a good demand early in the week, but on the Manchester lock-out the English demand fell off, and left only the Northern mills in the market. These have not yet got fairly in the market, and hence latterly the tone was quiet. Some business was reported to have been done lower than quotations. The quotation for extra fine shows an advance for the week of 1 cent. Sales for the week were 918-hundred.

No material change is seen in the general tenor of crop reports, where there has been excessive rain in some sections, and it is apprehended that

age may result, more particularly to the open cotton. It is apprehended that the grade of the crop may fall off in consequence, and cause a reduced proportion of fancy again.

The following prices are based on factor's quotations and are revised weekly on Fridays:

Fancy Floridas	20 @ 20%
Fancy Georgias	20
Extra choice Floridas	19
Extra choice Georgias	19
Choice Ga's and Fla's	18
Ex. fine Ga's. and Fla's	17
Fine Ga's. and Fla's	16
Common Ga's. and Fla's	11 @ 12

THE LARGEST ORANGE CROP SINCE FREEZE

Micanopy and Tacoma Sections Will Have Plenty of Fruit.

WILL MOVE FRUIT IN OCTOBER

Thousands of Boxes Will Be Shipped from That Section the Coming Season—Prices Offered Are the Lowest for Many Years.

From Saturday's Daily Sun:

The Micanopy and Tacoma sections will represent old times among the orange groves there the coming season and a large number of crates will be shipped from these points.

From parties residing in that section of the county it is learned that the trees are all well laden with the golden fruit and that the quality is very good, there being few oranges but what will come up to the best grade of fruit.

Very few russets have been discovered in the groves and although present prices do not indicate it, the growers anticipate good returns.

In speaking of the matter Friday one of the main growers of that section said that they would not attempt to ship their fruit while it was green, but would wait until it was fully grown and ready for the market, which will doubtless give them a prestige over the shippers of green fruit.

There are a large number of groves in that locality that have been produced since the great freeze, and the owners are proud of them. It reminds one of the good old times in this State when many had nothing to do but depend upon the orange crop, which was a sure money-bringer.

Hoppity Hop.

Are you just barely getting around by the aid of crutches or a cane? Unless you have lost a limb or have a deformity—if your trouble is rheumatism, lumbago, sprain, stiff joints, or anything of like nature use Ealard's Low Liniment and in no time you can throw away your crutches and be as well as anyone. Price 25c, 50c and \$1. Sold by W. M. Johnson.

Labor contracts for sale at The Sun office. Price, 50 cents per dozen, or \$2 per hundred.

Do You Want a PIANO?

Perhaps you have been putting it off because you haven't made up your mind what make you prefer or where you can secure

A Reliable Instrument at a Reasonable Price

But there is one thing you DO want—you want to be perfectly satisfied the Piano you buy is a First-Class Instrument and that you are getting your money's worth. Besides, if you can save \$50 or \$100 on a first-class Piano you will be better satisfied.

WALKER SKIPS WITH M'LENDON'S CASH

Gave Trusted Man Money To Pay Bills, Which He Failed To Do.

BEEN GONE SINCE THURSDAY

Negro Had Been Working for McLendon for Months and This Is His First Theft so Far as Known by His Employer.

From Saturday's Daily Sun:

I. H. McLendon, who conducts two stores near the Seaboard depot, is minus his clerk and cash, for both disappeared together on Thursday morning, and neither have been heard from since.

The clerk, Paul Walker, has been in McLendon's employ for some months, and was fully trusted by his employer. He may have been engaged in the game of petty larceny all along so far as McLendon knows, but on Thursday he gave him money and asked him to come up town and pay some bills to merchants that he was due in the city. Instead of paying the bills as requested, Walker took the money and boarded the train, and has not since been heard from.

McLendon has had a warrant issued for the arrest of the thief and if caught he proposes to handle him to the full extent of the law, as he had promised the parties to whom he was in debt that he would settle with them on Thursday.

The fact that the negro had all the week's sales of McLendon will necessitate another week's business before he will be able to meet his obligations to the uptown merchants who accommodated him.

HOSPITAL REMAINS OPEN.

Mrs. Susan Bradley In Charge and Three Patients There.

From Friday's Daily Sun:

There has been no disposition made by the Gainesville Haven and Sanatorium Association of the hospital, and it still remains open, with the head nurse, Mrs. Bradley, in charge.

At the time of the death of Dr. Marsh there were a number of patients in the building, and Mrs. Bradley took hold of the situation and has succeeded in discharging all of them but three.

Just what disposition will be made, or what will be done regarding the hospital, cannot be learned, as Mrs. Bradley will endeavor to keep the institution running until the return of Mr. A. M. Cushman and others of the trustees, and see what they intend doing with the building.

It is thought by some that the Gainesville Hospital Association will have to again take up their lease on the building and run it as per their contract with the trustees.

While the venture has never been profitable from a financial standpoint, it has done a great deal of charity work and has been the means of saving a great many lives, for there they always receive the best of treatment, and it has helped to advertise Gainesville in a good many ways.

Have You a Baby?

Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. If its complexion gets yellow and pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence, give it White's Cream Vermifuge. The only cure that never fails and has no bad effects. Sold by W. M. Johnson.

Dunne Renominated.

San Francisco, Cal., Sept. 24.—Judge Frank Dunne, of the superior court, before whom many of the trials and other proceedings in the bribery graft cases have been had, was nominated for re-election Tuesday night by the democratic county convention. Dunne's name had previously been presented to both the republican and the union labor conventions but was rejected by both.

When Trifles Become Troubles.

If any person suspects that their kidneys are deranged they should take Foley's Kidney Remedy at once and not risk having Bright's disease or diabetes. Delay gives the disease a stronger foothold and you should not delay taking Foley's Kidney Remedy. J. W. McCollum & Co.

Don't forget The Sun job rooms when in need of printed stationery.

FOR S.S. BAD BLOOD

When bad blood is caused from an infection of the circulation by the virus of Contagious Blood Poison, it usually shows in the form of ulcerated mouth and throat, copper-colored splotches on the body, swollen glands in the groin, falling hair, sores and ulcers, etc. These general symptoms, affecting all parts of the body, show how deeply poisoned the blood becomes, and emphasizes the dangerous character of the trouble. If allowed to remain in the system the disease will finally wreck the health and break down the strongest constitution. No medicine can cure Contagious Blood Poison which does not rid the circulation of every particle of the virus. S. S. S. is the one real and certain cure; it goes down to the very bottom of the trouble, and by removing every trace of the poison, and adding rich, healthful qualities to the blood, forever cures this powerful disorder. S. S. S. is the most reliable of all blood purifiers, and its concentrated ingredients of healthful vegetable extracts and juices especially adapt it to curing this insidious trouble. Write for our home treatment book, which is a valuable aid in the treatment of the different stages of the disease, and ask for any special medical advice you wish. No charge for either.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

REPUBLICANS ARE BUSY.

Headquarters in This City Shows That They Are Active.

The headquarters of the Republican party in this city is a busy place, and shows that the managers are not lacking in their efforts to make a gratifying showing at the polls in November.

Hon. Henry S. Chubb, who is the mainspring of the party in this State, and who is also chairman of the Republican State Central Committee, has had a great deal of printing done instructing the voters and otherwise posting them on election matters.

The headquarters provided by this gentleman shows that he is not asleep, and he has many clerks who are kept busy mailing the matter he has prepared to the different district leaders.

Every national election they do more or less of this kind of work, but the present year seems to show that a larger amount of it is being done than for years.

A Traveling Man's Experience.

"I must tell you my experience on an East bound O. R. & N. R. R. train from Pendleton to LeGrande, Ore." writes Sam A. Garber, a well-known traveling man. "I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said: 'There is a woman sick unto death in the car.' I w^t once got up and went out, found her very ill with cramp colic; her hands and arms were drawn up so you could not straighten them, and with a death-like look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suit case and got my bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy (I never travel without it), ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil; then I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her, rubbing her hands, and in twenty minutes I gave her another dose. By this time we were almost into LeGrande, where I was to leave the train. I gave the bottle to the husband in case another dose should be needed, but by the time the train ran into LeGrande she was all right, and I received the thanks of every passenger in the car." For sale by all druggists.

Economy may be the road to wealth, but a large number of people will refuse to travel it until the good roads movement has made it smoother.—Washington Herald.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles.

You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FOR

OLD GEORGIA CORN WHISKEY

A very rare article now, and is seldom found. Having purchased a large quantity in bonded warehouses before prohibition went into effect in the State of Georgia, and aging same, we will offer to the public a pure old Corn Whiskey which is guaranteed under the pure food laws of the National as well as the State government. No one can offer for sale any goods under penalty of the law unless same is bona fide, nor can they be misbranded; hence, you are not taking any chances on the above being strictly as represented.

Four quarts \$3.75

One gallon jug \$8.25

All express charges prepaid.

We handle all of the best brands of Rye and Bourbon Whiskies, Gins, Apple and Peach Brandies. Send for our free catalog and catalogue—mailed free upon application.

accused of having criminally assaulted Ella Parker, the 11-year-old daughter of Mr. and Mrs. Francis Parker of Anclote, has been discharged. There was not sufficient evidence upon which to hold him. He says, though innocent, he will sell all of his property and go North, for he fears the fury of the farmers around Anclote and Tarpon.

Nick Escalone, an Italian, was found Tuesday night at Eighth avenue and Seventh street, Ybor City, with four severe wounds in his body, evidently made with the blade of some slender knife or stiletto. The man has on two previous occasions been set upon and beaten by some one or more of his fellow countrymen, but in each instance he has refused to reveal who were his assailants.

A party of hunters on the Halifax river, north of Daytona Beach, last week killed a huge bear that had been eagerly sought for the past five years. On a previous hunt this bear killed five valuable dogs and severely crippled two others and was itself shot several times. It had killed many hogs, at various times in and around Harwood Station, and while often seen and attacked by hunters, it has managed to escape until last week when it was finally killed by John Roberts, who has been in nearly every party hunting "Old Bruin" in the past five years.—Daytona Journal.

Mollie Andrews was shot and instantly killed, and her husband, Andrew Marshall, perhaps fatally wounded, six miles northwest of Pensacola, by Will Holman. All are negroes, and Holman after committing the deed made his escape, but it is expected that he will be captured, as the sheriff with several deputies are in pursuit. Holman interfered when the husband and wife were having a row, and a fight immediately ensued. The negro endeavored to stop the husband from beating his wife, and in turn the husband jumped on him. In defense Holman drew his revolver and fired twice at Marshall. One of the shots went wild and killed the woman whom he was defending, the other striking his adversary, and causing a wound from which it is not thought he will recover.

Charged with having sent a threatening letter to John Gunter, his foreman, in which he told Gunter that unless he quit the employ of the Louisville railroad at once he would be killed, Robert Bource, a switchman in the yards of the company, is held in jail here awaiting sentence in the criminal court, having been convicted. Bource, who is a negro, is well-educated, and this fact lead to his arrest, as the letter sent to the yard foreman was well-written. The negro was arrested several weeks ago during the excitement incident to the lynchings here, and gave bond for his appearance for trial, but one night during this period a posse visited his home in the city and calling him out told him to leave at once or else be lynched. The negro fled to Alabama, and was there rearrested and brought here for trial.—Pensacola correspondent of Times-Union.

On September 8, the Otter Creek Lumber Company of Otter Creek, Fla., furnished to the Bowers Dredging Company of Galveston, Texas, a stick of yellow pine timber squaring 20 $\frac{1}{2}$ inches and 61 feet long without a knot or defect of any description. From the time the tree was cut to the time one of the dredging company's naphtha launches had hold of it ready to start for Tampa, constituted eight hours. This tree had to be hauled three-quarters of a mile to the company's logging road and hauled six miles to the mill, sawed and loaded on two flat cars and taken to Cedar Key, 21 miles from the mill, and dumped into the Gulf at that point. The superintendent of the dredging company stated that they had been trying to secure the above stick for thirty days previous to applying to the above company.—Levy Times-Democrat.

Best Treatment for a Burn.
It is for no other reason than Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It relieves the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by all druggists.

Foley's Ointment.
Foley's Ointment is a new remedy, an improvement on the last of former years, as it does not rape or matocote and is pleasant to take. It is guaranteed. J. W. McCullum & Co.

A WARNING

I have learned that certain persons are representing themselves as agents, and taking orders for pictures, claiming I will finish them in some cases the pictures given have been lost—pictures of deer which cannot be replaced. I have agents, never did, and never will deal directly with my patrons—all work. I cannot afford to pay agent out of the prices I charge the high-grade work I do. Bring enlarging to me and you are not insured against loss of the original picture and an artistic finish.
